

CLINIC CHECK LIST

- Instruction is an 8-hour day with 1 hour for lunch. (Discussed below)
- Clinic must start and finish on time.
- Site should be within 30 minutes or closer to the accommodations.
- Try to find a lake or river with optimal conditions including low boat traffic, wind protection and no sea walls.
- Try to limit back wash.
- A reliable boom, extended pylon, and a full tank of gas. You may need to bring extra gas to last the entire day.
- Maximum 5 skiers per day, ideally 4 skiers per day for more instruction and skiing time.
- Notify skiers to be at site at least 20 minutes prior to the start of the clinic.
- Each skier skis 2 sets in the morning and 2 sets in the afternoon for a full day. (22 minutes per person) depending on ability.
- Skiers must bring proper equipment including correct size suits, padded shorts, gloves, personal front toe handle, wake handle, NON-stretch ropes and WBC Shoe Skis. Warm, dry and extra clothes if needed.
- Skiers must be suited up and prepared to ski in rotation.
- Prepare jump and boats before the day of the clinic.

Be prepared to cover the following expenses:

- WBC Instructors airfare, bag fare, accommodations, food, and ground transportation if needed.

The organizer is held responsible for full payment of the WBC instructors fee. Payment is expected in full regardless of skiing conditions (for example rain, wind, drought, flooding or lightning etc.) Deposit is non-refundable.
